The Fulbright Specialist Program, a program of the U.S. Department of State, provides a unique opportunity for institutions across the globe to host a leading U.S. academic or professional.

Specialists and host institutions work together to implement a four- to six-week project. Host institutions design project goals and activities that will exchange knowledge and promote long-lasting collaboration between individuals and institutions in the United States and around the world.

This has been a highly rewarding and enriching opportunity for us to have the benefit of direct engagement and input by a very senior expert on our activities. [The Fulbright Specialist] program is ideal in enabling these high impact visits.

- Stellenbosch University, South Africa

**ELIGIBLE HOST INSTITUTIONS**

- Institutions of Higher Education
- Government Institutions
- Cultural Institutions
- Non-Governmental Organizations
- Medical or Public Health Organizations

**PROJECT DETAILS**

Host institutions may design projects in over 20 disciplines. Specific project activities can include, but are not limited to:

- Delivering seminars, training, or workshops
- Consulting on faculty or workforce development
- Developing academic or training curricula/materials
- Providing lectures at the graduate or undergraduate level
- Engaging in strategic or institutional planning
- Conducting needs assessments or evaluations

**PREVIOUS PROJECT EXAMPLES**

- Consulting on workforce development at a Chamber of Commerce in Colombia
- Supporting cybersecurity curriculum development at a university in Myanmar
- Evaluating social enterprise opportunities for an HIV/AIDS services network in Botswana
- Leading strategic planning to advance internationalization at a university in Egypt

**HOW TO APPLY**

Institutions in Myanmar which are interested in applying to host a Fulbright Specialist should contact the U.S. Embassy in Myanmar at RangoonUSECA@state.gov to obtain country-specific information on application requirements and deadlines, and to access the application.
